N Zoya

Computer Science Engineering Student
Bengaluru, India | +91-9901323744 | nzoya0826@gmail.com | linkedin.com/in/nzoya | github.com/nzoya | nzoya.github.io

Summary

Computer Science Engineering student with academic project experience in network security and computer vision. Completed training at CDAC in Python, machine learning fundamentals, and statistical foundations. Seeking an internship to apply technical skills to practical problems.

Education

Ghousia Institute of Technology for Women
B.E. in Computer Science and Engineering | CGPA: 8.83/10 | Expected 2027
Gopalan Pre-University College, Bengaluru
12th (PUC), Karnataka PU Board | 69.67% | 2023

Skills

Programming: Python, Java, C
Databases: MySQL, DBMS concepts
Computer vision: OpenCV, InsightFace face recognition
Web: HTML, CSS, JavaScript
Networking: Packet capture and analysis with Scapy, PCAP parsing, network security concepts
Tools: Git, GitHub, Jupyter Notebook
Core subjects: Data structures and algorithms, object-oriented programming, operating systems, computer networks

Projects

Network Intrusion Detection System (NIDS)
Python, Scapy, NSL-KDD dataset

- Contributed to the packet-capture module, capturing live network traffic and parsing PCAP files.
- Collaborated on a modular system covering traffic capture, traffic classification on the NSL-KDD dataset, alert logging, and dashboard visualization.

Smart Online Attendance System
Python, OpenCV, InsightFace, CSV

- Developed a face-recognition attendance system in Python that uses a webcam to detect enrolled students and records their names and times in a CSV file.

Training

CDAC: Completed training in Python, machine learning fundamentals, and statistical foundations.

Achievements and Certifications

- First Prize, Inter-College Conference: presented a paper on Graphene (first year)
- Deloitte Data Analytics Virtual Experience, Forage
- Data Analyst Certification, OneRoadmap
- Fundamentals of Databases, Simplilearn

Languages

English, Hindi, Kannada
